

Product: Safety Walk (Anti-slip)

Code: W001

Product Description

Textured surface tape designed to create safe, non-slip pedestrian areas.

Features

- No specialist knowledge required.
- Usable on nearly all properly prepared surfaces
- Can be walked on immediately after installation.

Applications

- Suitable for light to heavy foot traffic.
- Stair, slopes, ramps, entrances and patios.
- Prevention of slipping accidents.

Technical Data

Carrier	Quartz Sand #150 on Synthetic Paper
Adhesive	Solvent based
Colour	Black or Yellow
Application Temperature	15°C to 35°C
Functional Temperature	-5°C to 60°C
Shear Strength	N/A
180° Peel Adhesion (Steel)	7.5N/25mm
Holding Power	>48 hours
Tensile Strength	>6N/cm
Elongation	200%
*Data represents the minimum value from the results of a series of tests	
Storage Conditions	Cool, dry and ventilated area with ambient temperatures of 10-40°C and relative humidity below 70%
